

Tester Instructions

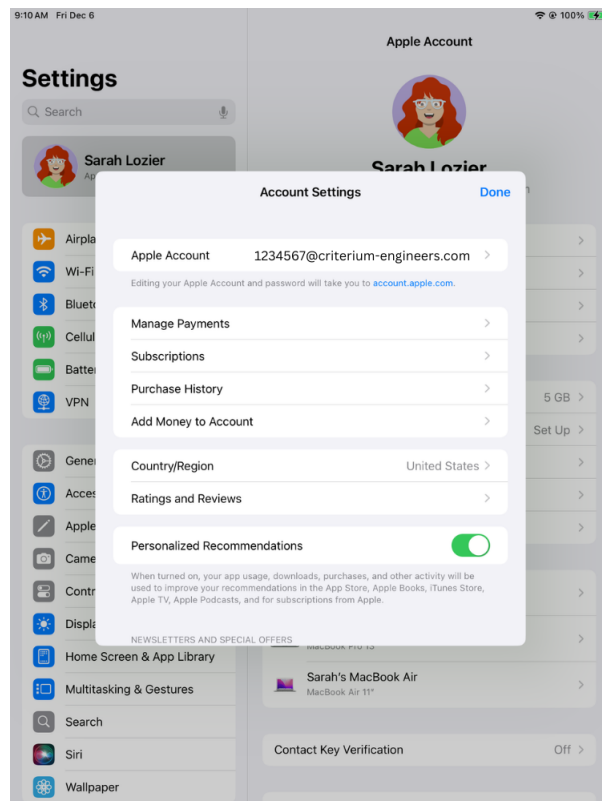

Below is the checklist for verifying and setting up your iPad to test the CRISP Mobile application:

Tester Checklist

1. Verify the Apple ID

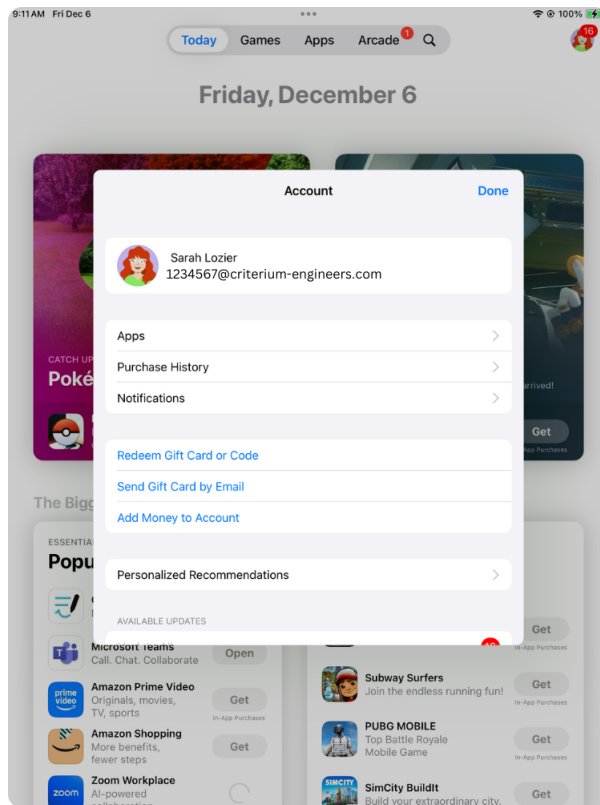

- Go to **Settings** on the iPad. Confirm that the **Apple ID** matches the one assigned to you.

► See Screenshots

- Ensure the **iTunes Apple ID** matches the one assigned to you.

► See Screenshots

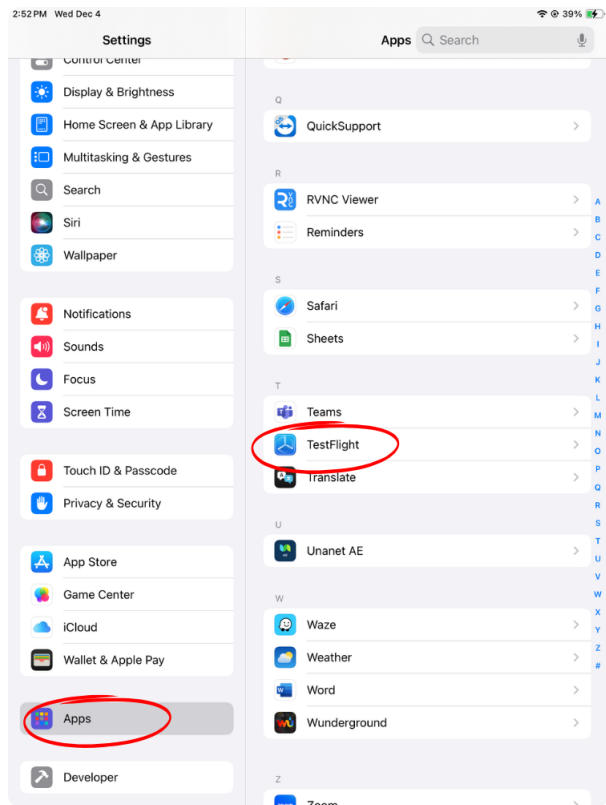

2. Report Mismatched Apple IDs

- If the Apple ID does not match the one assigned to you:
 - Send an email to:
 - **To:** [Derek](#)
 - **CC:** [Sarah](#)
 - **CC:** [Deb](#)
 - Include the Apple ID(s) that appear on the:
 - iPad
 - iTunes

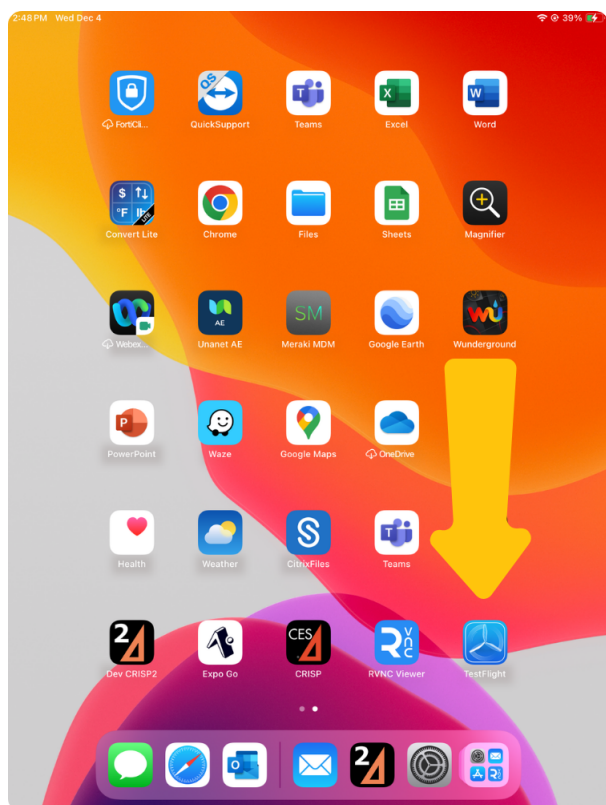

3. Check for TestFlight Installation

- Go to **Settings** > **Apps**.
- ▶ **See Screenshots**

- Confirm that **TestFlight** is installed on the device.

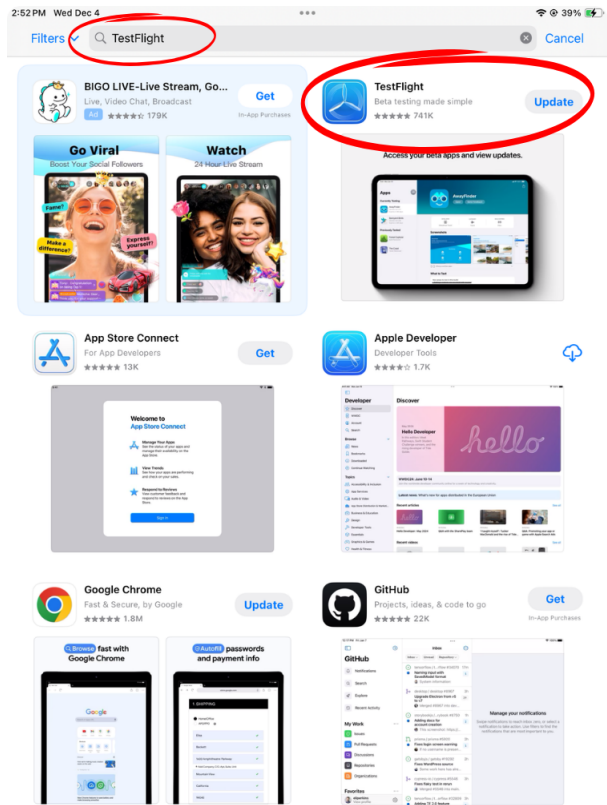

► See Screenshots

4. Install TestFlight (if needed)

- Open the **App Store** on the iPad.
- Search for and download **TestFlight**.

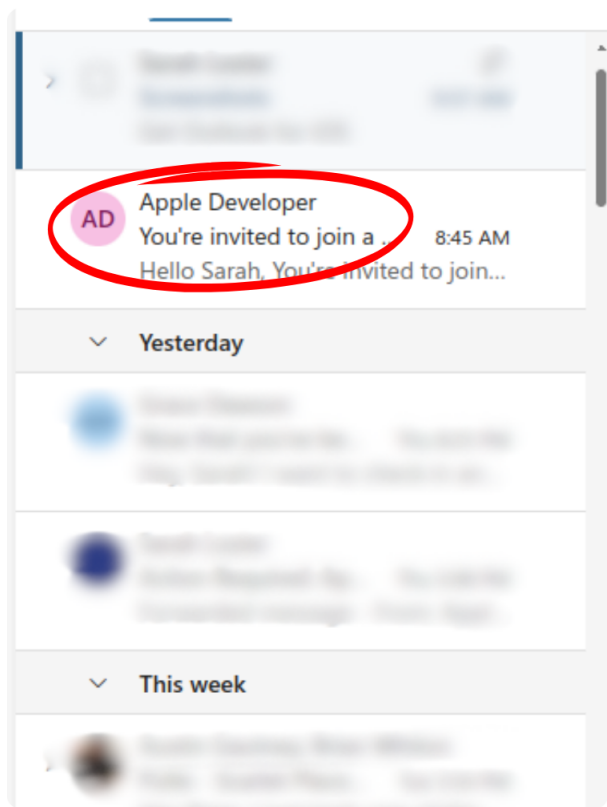

► See Screenshots

5. Check Criterium-Engineers Email for Apple Developer Invitation

- Open your **Outlook** account on any device.
- Look for an email from **Apple Developer**.

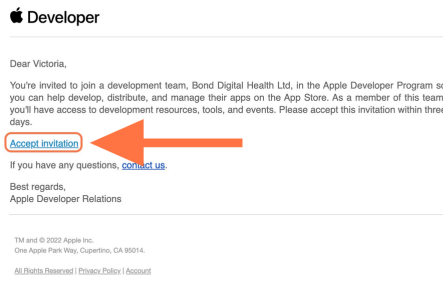

► See Screenshots

- If found:

- Open the email and click **Accept Invitation**.

► See Screenshots

- Move to the next step.

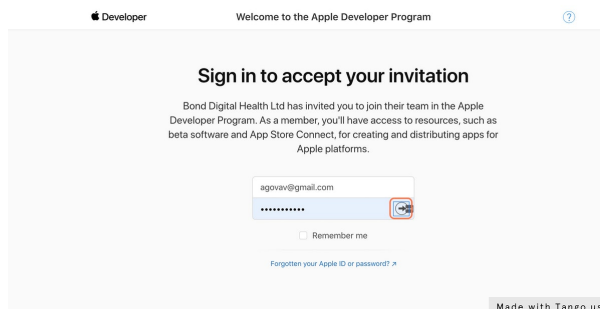

- If there is no email, contact:

- **To:** Sarah
- **CC:** Deb
- **CC:** Austin

6. Follow the Prompts for Apple Developer

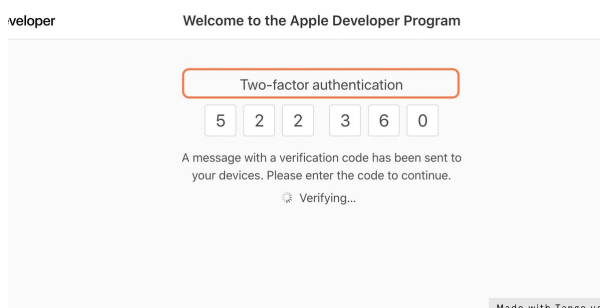

- Sign in to **Apple Developer** using your Apple ID.

► See Screenshots

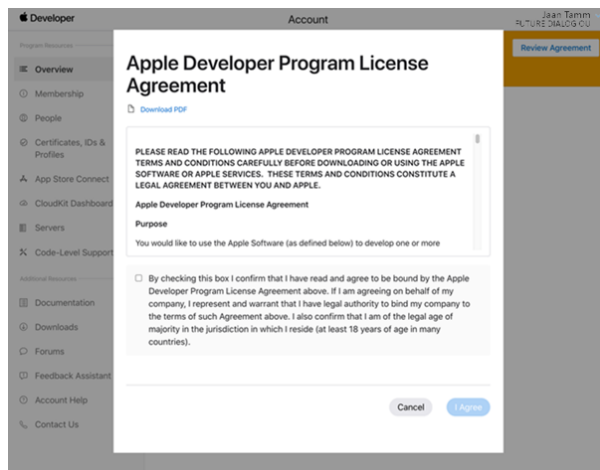

- Complete **two-factor authentication**.

► See Screenshots

- If prompted, sign the **Apple Developer Agreement**.

► See Screenshots

7. Confirm Completion

- When the task is complete, send an email to:
 - **To:** [Sarah](#)
 - **CC:** [Deb](#)
 - **CC:** [Austin](#)
 - If there are any issues preventing completion, include details in the email.
-
